Horn, the Tailor, Moves Into New Building

A new building, designed especially for its occupant, has been constructed at 617 Seventh street northwest, and today was occupied by Horn, the tailor. The shop at 617 F street northwest, which has been the home of the establishment for so long, has been closed.

Plans for the formal opening of the new establishment during the first of March are being made by the owner. The opening will occur on the arrival of the stock of spring goods.

The Seventh street building is a spacious one, and has much better facilities than the one being vacated. Two large bay windows have been constructed and in these the displays of the various garments will be made.

Twenty-eight years ago Mr. Horn started in business in this city occupying a building on the same square which he has just vacated. He occupied that building sixteen years.

Fire Destroys Kensett, Private Sanatorium

SOUTH NORWALK, Conn., Jan. 28.—Fire yesterday destroyed Kensett, the large private sanatorium of Dr. Edward Everett Smith, in South Wilton. The fifty patients, all of whom were more or less helpless, escaped by the temperature near zero, and with most of the inmates but scantily clad, they made their escape into the woods, to the complete demoralization of the community.

It was at first feared that several had lost their lives in the fire, but nearly all have been found and are now being housed in the boarding houses with salt, and the cottages on the grounds, watched over by attendants.

It was in Kensett that Mrs. Tom Pierce, wife of the sportsman, was confined against her will some years ago, being freed only after court proceedings instituted by Miss Adelaide Ritchie, the actress, who had long been a friend of Mrs. Pierce.

Funeral Service Held With Body Miles Away

WILMINGTON, Del., Jan. 28.—Although the body of Commander L. Calvin Bertolette, who died last week of yellow fever aboard his warship, the Yorktown, at Guayaquil, Ecuador, was hundreds of miles away, relatives, friends and fellow naval officers and seamen assembled yesterday at St. Stephen's Lutheran Church and joined in services to the memory of the commander. The same place as at a funeral were held only with the body missing.

Members of the Bertolette family have been active members of St. Stephen's church for many years, and recently the commander gave to the church \$2,000 for a memorial to his father, mother, and brother.

FAILURE OF BANK IN CONNECTICUT TOWN STUNS DEPOSITORS

Life Savings of Many May Be Swept Away by Suspension.

WINDSOR LOCKS, Conn., Jan. 28.—Their savings of years in jeopardy and in ignorance whether they will get back even a part, more than 1,000 families in this village and vicinity were stunned today over the closing of the Windsor Locks Savings Bank, following the death of its treasurer, Alfred W. Converse, the town's most eminent citizen, who is blamed for an apparent shortage of \$175,000.

The depositors were farmers, mill hands, and a few tobacco growers, none of whom make much money, and the funds tied up represent in many instances the savings of lifetimes. Some, who were dependent on the interest on their deposits for their daily expenses, were actually facing poverty today, while a number of the local business men, who cannot get the money they put in the bank, were facing ruin.

None of the examiners would talk, but it is certain that the bank was violated, as it was learned no trial balance had been taken in the bank for forty years. The examiners picked up for at least a week just how much the deposits are short.

Christmas Story by Mrs. Lillian Russell

Testifying the last quarrel she had with her husband, Andrew Russell, was over the size of the Christmas tree, Mrs. Lillian A. Russell, plaintiff in a suit in the District Supreme Court for absolute divorce, alleged "he struck me in the face and knocked me flat to the floor, and I lay there at least ten minutes."

Relative to other alleged abuses, Mrs. Russell said her husband had a habit of "breaking up things about the house" every time he got drunk, and that on one occasion he picked up the dishes from the table and threw them at her on at a time. She also said he picked up her sister and tried to throw her through the door, simply because she was playing on the piano.

Seven times the couple have separated and then reconciled. Mrs. Russell said no overtures for peace have been made since the Christmas celebration. Her attorney, F. H. Cottler, appears for Mrs. Russell, and L. A. Block represents the husband.

Honeymoon Spoiled by Bridegroom's Arrest

PHILADELPHIA, Jan. 28.—A honeymoon provided for by the proceeds of bogus checks, which lasted for months, and included New York, Baltimore, Newark and this city in its itinerary, ended abruptly when a detective arrested Mahlon Maulsberry and his bride at a hotel in the central part of the city.

According to the officers who arrested the couple on complaint of Dr. John Riley, of this city, from whom it is said they obtained \$10,000 in checks last December, Maulsberry is known by several aliases, among them being Watson, Mack, and Adams. He is a native of New York and Baltimore on similar charges.

Mrs. Maulsberry is twenty-one years old and her husband is thirty-two. The detectives say thirty-five bad checks were passed in this city.

NOT SALTS, OIL OR PILLS BUT CASCARETS

No odds how sick your stomach; how hard your head aches or how bilious—Cascarets make you feel great.

You men and women who somehow can't get feeling right—who have an almost daily headache, coated tongue, foul taste and foul breath, dizziness, can't sleep, are bilious, nervous and upset, bothered with a sick, gassy, disordered stomach, or have backache and feel all worn out.

Are you keeping clean inside with Cascarets, or merely forcing a passage way for few days with salts, cathartic pills or castor oil? This is important.

Cascarets work while you sleep; cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry out of the system all the decomposed waste matter and poison in the intestines and bowels.

DUKE OF FIFE HAS RELAPSE; CONDITION CONSIDERED GRAVE

King George's Brother-in-Law Seriously Ill From Wreck Exposure.

CAIRO, Jan. 28.—Physicians attending the Duke of Fife, brother-in-law of King George, announced today that he had suffered a relapse during the night and is in a critical condition. The duke has been suffering from a severe attack of pleurisy, which resulted from exposure when the steamer Delhi was wrecked off Cape Spartel on December 13. Physicians announced today there is grave danger of pneumonia.

The Duchess of Fife and her two daughters, who also were saved from the sinking steamer Delhi, after three sailors had lost their lives in an attempted rescue, are at the duke's bedside.

Poem May Have Been Written by Franklin

BOSTON, Jan. 28.—One of the two lost ballads penned by Benjamin Franklin in the days of his apprenticeship and referred to in his autobiography, has been discovered. It is believed, by Miss Alice M. Newton, a Portsmouth, N. H., girl, among old books found by her in an ancient cart.

The ballad commemorates Maynard's victory over Teach, the notorious sea rover of Franklin's day, and is a literary find of more than common interest, if it can be proved authentic. The best proof is Franklin's own reference to the one of the two ballads was a sailor's song on the taking of Teach, or Blackbeard, the pirate.

WOMEN TO KEEP UP PLEA FOR HOSPITAL

Dr. Skinner Condemns Board of Charities for Stand Taken, and Calls Action Unprogressive—Petition to Be Sent to Congress.

"The Board of Charities may think it is progressive when it sets its hand against the Columbia Hospital, but it is not," said Dr. John O. Skinner, physician in attendance at the hospital, today. "The Board of Charities hopes to see a municipal hospital, but its members ought to know that even in cities where municipal hospitals are maintained there is, at the same time, co-operative work with private hospitals, which handle indigent cases, maternity cases and others on contract. It is a system that is employed in the most enlightened municipalities. When the authorities try to kill this hospital and establish a municipal hospital at its expense, they may think they are going forward, but they are really going backward."

The usual appropriation for the Columbia Hospital, the only institution in Washington devoted exclusively to the treatment of women, was cut out in the estimates of the District this year. The sum was afterward put in by the House.

The fight for a continued appropriation has now taken the form of a petition signed by the officers of the hospital and the women who are members of the managing board. The officers are: Mrs. Emmeline A. Fitch, president; Mrs. Charles H. Poor, vice president; Mrs. Julius W. MacMurray, secretary, and Miss Anna B. Abbot, treasurer.

This petition calls upon the women of the District of Columbia to appeal to Congress for the perpetuation of the hospital, stating, in part: "Every city of the size of Washington, and even smaller cities, has a woman's hospital, where women alone can be treated, and it is a peculiar necessity where so many women are treated without a home."

The grounds and buildings of Columbia Hospital are owned by the Government. The institution was founded in 1866.

SUSPECT HELD BY POLICE SAID TO BE IMPORTANT CATCH

Eighteen Charges Now for Stealing Lead Pipes From Empty Houses.

With eighteen separate charges of depredation of private property against him, George Wayne, alias Pete Wyman, colored, twenty-seven years old, is locked up at the Ninth precinct police station today. He will be given a preliminary hearing in the Police Court tomorrow.

With the arrest of Wayne the police believe they have in custody the person who has been stripping lead pipe and plumbing fixtures from vacant houses in all parts of the city. The police say he admits entering some of the houses and stealing the plumbing fixtures.

Wayne was arrested by Sergeant Davis and Policeman Steele on information furnished by Joseph Butler, alias George Johnson, who was assigned in the Police Court Saturday on a charge of breaking into the leather goods store of W. L. King, 621 Louisiana avenue northwest, and stealing articles valued at \$100. He was held in \$1,000 bond for the grand jury. Butler recently was discharged from the penitentiary after serving an eight-year term for the same crime. They also say that Wayne has been in the penitentiary for depredation of private property.

Postoffice Pay Friday.

England Not Likely to "Seize" Palmyra Island

The report that England may seize Palmyra Island, one of the Hawaiian group, on the ground that it is British by right of discovery, was ridiculed at the State Department today.

"The island belongs to the United States," said a department official, "and owing to the fact that it is a part of the Panama canal, it should be greatly to our disadvantage to lose control of it. How can we, in the hands of England, have made any overture regarding its purchase, and it is ridiculous to say that they intend to 'seize' it."

Are You Succumbing To Catarrh?

Do you realize how catarrh is weakening your entire system and gradually getting a stronger hold? You can't think of neglecting this dread disease when you consider the grave results. You must arrest its action at once and begin its ultimate cure.

There is a preparation that has been on the market for years and is endorsed by thousands to whom it has brought benefit. It is called **Kondon's Catarrh Jelly**. It is put up in small convenient tubes, and is a wonderful sort of stick in time for all Catarrh sufferers. It is so cheap, simple and easy to apply that many people keep it on hand, to use at first danger sign of cold or cough. On the other hand, it has been known to give permanent relief in advanced cases of Hay-fever, Bronchitis, Asthma and the kindred evils that arise from a "catted" cold.

A tiny bit smoothed through the nostrils or slowly dissolved in the throat will do wonders. It soothes irritated membranes and acts as a stimulant to the insidious Catarrh microbes. Because, if a cold is not stopped where it begins—it is "settled" in the vital organs, deranging the system, stopping the circulation and admitting the poisons of fever, with all sorts of dread possibilities. A slight "drumming" in the ears may be incipient deafness and many a good voice has been permanently lost through neglected hoarseness.

Kondon's Catarrh Jelly heals raw, inflamed surfaces, and one application will encourage it to heal. Use in the hands. It is made by the best druggists, at 25c and 50c. But if your druggist is not now supplied, the Kondon Mfg. Co. of Minneapolis, Minn., invite you to write and ask for their sample. It is free, and it may be just the simple "cure of prevention" that your head and voice need in the head, your Asthma or bad throat needs.
